“Project Big E” is looking for radio club members and individuals throughout New England to staff a large amateur radio display. You’ll help explain amateur radio to thousands of people during the 16-day event.

In the past, 1.5 million people have attended The Big E—billed as the fifth largest fair in the nation!

Plans are currently underway for this exciting ham radio project. Please promote Project Big E to your radio club members. Interested attendees from across New England will be directed to clubs in their respective hometowns for classes, mentoring, etc.
